

# How-To Add a Survey/ Form to a Webpage in eSV

**Summary:** Instructions for adding a Survey/Form to a webpage

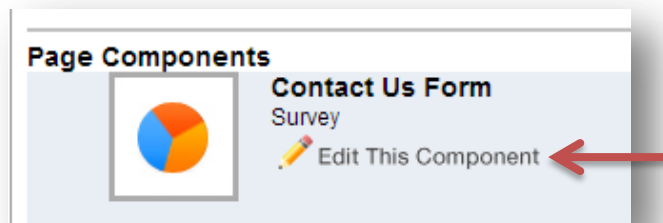

**Prerequisites:** The Survey/Form must have been created in the Site Section Administration options prior to being added to a webpage

## Steps

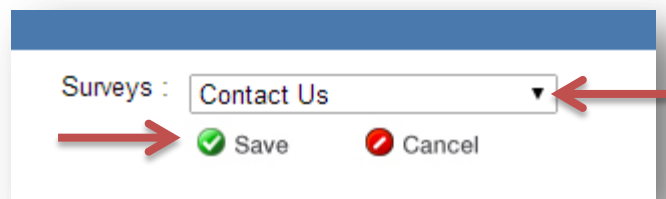

1. Migrate to the webpage and window where the form should be placed
2. Click **+ Add Page Component**
3. Choose **Survey/Form** from the **Type** dropdown
4. Optional: Give the form an **Internal Name**
5. Click **Save**

6. Click **Edit This Component**

7. From the dropdown choose the **Survey** you created and want placed here

8. Click **Save**. A message appears stating **Your changes have been saved**. The form can now be viewed on the public side
