

English Language Learner / Multilingual Learner (ELL/MLL) Students

Reporting

All English Language Learner/Multilingual (ELL/MLL) students must be reported with both:

1. Program Service Code 0231 – ELL Eligible:
 - a. **Starts** – The date the student became eligible or the start of the school year
 - b. **Ends** – Must be ended with one of the following:
 - **3011** – Exit using NYSESLAT score only. The student scored at the Commanding level on NYSESLAT.
 - **3022** – Exit using NYSESLAT score and a NYSTP or Regents score. The student scored at the Expanding level on NYSESLAT and scored Proficient (Level 3 or 4) on 3-8 ELA or scored 65 or higher on a Regents English or passed approved alternative to Regents English.
 - **3045** – Exit based on review of identification determination. The student was determined by the district to have been misidentified as ELL/MLL.
2. An ELL/MLL Program Service Code (1) that identifies the type of services received:
 - a. **5709** – English as a New Language (ENL)
 - b. **5676** – Transitional Bilingual Education (TBE) Program
 - c. **5687** – One-Way or Two-Way Dual Language Program
 - d. **8239** – ELL Eligible but not in an ELL Program

Students can have only one type of ELL/MLL Program Service Code at a time, but may have more than one during the school year. Each must have their own record indicating dates of participation.

Service Levels

LEAs must identify the level of service at which an ELL/MLL eligible student (Code 0231) is receiving service:

Code	Description
FULL	ELL eligible students receiving the required units of study
PARTIAL	ELL eligible students receiving less than the required units of study
NONE	ELL eligible students not currently receiving service

NYSESLAT Eligibility – Program Service Code 0242

All ELL/MLL students (including those from Puerto Rico) who, on April 1, will have been attending school in the United States for less than one year must also be reported with Program Service Code 0242 — *Eligible to take the NYSESLAT for grades 3-8 ELA Accountability.*

ELL Duration

ELL Duration will be calculated by NYSED beginning with the 2019-20 school year. In prior years this data element was provided by LEAs on the Student_Lite template as LEP Duration. This data element indicates the number of cumulative days and corresponding years that a student identified as ELL/MLL Eligible (Program Service Code 0231) has received ELL services in New York State public schools, as evidenced by having been reported with Program Service codes 5709 (English as a New Language), 5676 (Transitional Bilingual Education Program) or 5687 (One Way or Two Way Dual Language Program). The time in which a student is reported with Program Service Code 8239 (ELL/MLL Eligible but not in an ELL/MLL Program) are not counted. This data element will only be calculated for ELL/MLL-eligible students.
