## End of Day/Reconcile Day

For the date you are closing, you should have a line for each day, each cashier and each meal service.

EXAMPLE: you have 3 cashiers serving breakfast and Lunch. Each day you should see 6 lines.

The reconciled should say YES if the cashier closed out of their meal service and reconciled their drawer

If it says NO, you cannot close the day.

To reconcile the days, double click on the line that says NO

If a school is listed, no matter what the status is under closed, it needs to be closed.

If the status says YES, it means the meal service was reopened after it was reconciled and needs to be reclosed.

Again, if you have 3 buildings serving breakfast and lunch, you will see 6 lines. One for each school and meal service.

Double click on one of the lines
