

FRPL Reporting in SY 2017-18

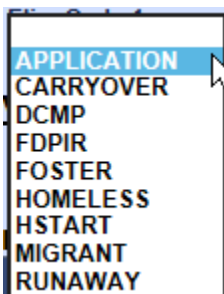

Date: November 6, 2018

Prepared By: Tim Farnham

We are seeing a number of error messages in Level 0 for FRPL program service records. Districts have asked for guidance especially around use of the eligibility code CARRYOVER.

Here is how the new for 2017-18 FRPL reporting works in Level 0:

Eligibility must be reported using one or more of the following codes:

The list of codes with explanation is found in the SIRS manual on page 218. Reporting of FRPL eligible students is discussed on page 55. SIRS manual: <http://www.p12.nysed.gov/irs/sirs/>

A student who was eligible for FRPL in 2016-17, starts the 2017-18 school year automatically being eligible. That is reflected by the use of the new eligibility code CARRYOVER on the FRPL program service record.

Carryover status lasts until October 31 (10/31).

After 10/31, Level 0 is looking for a FRPL program service record with eligibility code CARRYOVER and an end date prior to 10/31 **OR** eligibility code CARRYOVER plus a second eligibility code and no end date.

FRPL program service records can have up to 6 eligibility codes, but students who continue to be eligible after 10/31 are only required to have 2: CARRYOVER plus one other.

Here is what a student record looks like in Level 0 when the student was eligible last year and continues to be eligible for the rest of 2017-18:

*Beginning Date:		*Record Program Category:		*Program Code:	
2017-07-01		5817::Free Lunch		5817 :: Free Lunch Program
