

## SWD – Homebound and Home School

**Date:** December 15, 2020

**Prepared By:** T Farnham

Students with disabilities, receiving Special Education Services or Related Services, but not attending a district building.

("Students" includes PS, Pre-k, and K-12)

**EXAMPLE 1** Student received services as a Preschooler over the summer and was enrolled in a Pre-K program. Student would have entered school as a Kindergartener in the Fall, but parents kept them out of school (NOT HOME-SCHOOLED)

- A. Report student as enrolled in Pre-K grade at a pre-K location from 7/1 to 8/31
- B. Student should be exited from Pre-K with exit enrollment code 153 on 8/31.
- C. Student should be enrolled in the Home-BOUND location on 9/1 with enrollment entry code 0011 or 5905 and grade level PS.
  - a. After 5 years of age, the student cannot have a 5786 "pre-school disability" record and that record will be ended on 8/31. A new disability program service record will be started in 9/1 relating to a specific school age disability.
  - b. A Special Ed BEDS day Snapshot record will be entered for the student with "school age indicator" = Y and "Primary Setting Code" = ESxxx

**EXAMPLE 2** Student received services as a Preschooler over the summer and was enrolled in a County or Other approved provider location with grade level PS. Student would have entered school as a Kindergartener in the Fall, but parents kept them out of school (NOT HOME-SCHOOLED)

- D. Report student as enrolled in PS grade at a county location from 7/1 to 8/31
- E. Student should be transferred to the Home-BOUND location (exit code 153) on 8/31 and then enrolled in that location on 9/1 with entry code 5905 and grade PS.
  - a. After 5 years of age, the student cannot have a 5786 "pre-school disability" record and that record will be ended on 9/1. A new disability program service record will be started in 9/1 relating to a specific school age disability.
  - b. A Special Ed BEDS day Snapshot record will be entered for the student with "school age indicator" = Y and "Primary Setting Code" = ESxxx
