Discussion Items:

1. 2020-2021 school year:

a. **August Regents Exemptions**

- i. All districts that had students who successfully recovered credit after June 30 AND who would have taken the August Regents, will need to report an August Regents Exemption for each student and exam.
- ii. These will be entered into your student system (SMS) for transcripts, etc and may already have been entered.
- iii. Districts may:
 - 1. pull an Assessment Fact file from their SMS and load it to Level 0 OR
 - 2. enter exemptions manually in Level 0
- iv. AS of 10/6, 14 districts have loaded a total of 202 records

b. Computer Based Testing (CBT) and January Regents

- i. The testing memo is out and was distributed.
- ii. The guidance is to plan for normalcy but understand there could be last minute cancellations or changes in administration windows.
- iii. We will collect January Regents preprint data from the districts In late December / early January.
- iv. Not counting BOCES and NON Pubs, 12 districts have not submitted student data to Level 0 yet.

c. New Program Service Code – 5754 Comprehensive Coordinated Early Intervening Services

- i. See page 237 of SIRS manual
- ii. Good description found here:
https://ideadata.org/sites/default/files/media/documents/2017-09/idc_ceis_chart.pdf
- iii. Last week's homework was to find out who in your district knows how the money is being spent and where the new code will be tracked

- d. Level 0
 - i. If you import a student lite file with Counselor IDs not found in Staff Snapshot, the student lite record is invalid
 - 1. Every Student Lite record that is invalid (for whatever reason) will cause the accompanying Student Enrollment record to throw an error for “EE2107: Missing or Invalid demographic record”. Don’t panic! **Its NOT missing, its just invalid!** And because one counselor usually is attached to lots of students, one bad ID may generate pages of errors!
 - 2. If you are having difficulty locking Demographics because of errors in Staff Snapshot, We can purge Snapshot for you and Guidance Counselor errors will go away.
 - ii. New Program Service Import Feature (see last week’s recording)
 - 1. Demonstrate
- e. NYSSIS – Resolving Student IDs
 - i. Access at the NYS Portal: <https://portal.nysed.gov/abp>
 - ii. User must had a properly entitled SEDDAS account
 - iii. Decide if the submitted record is a match to the offered candidate. DO NOT click New Student unless you are positive student has neve
- f. NYSITELL Answer Sheets
 - i. Where are they stored and how do you access them
 - ii. Document and video on printing, using and scoring sheets.
 - 1. <https://www.southcentralric.org/Testing.aspx>
 - iii. How to see the users in your district with access to ASAP
- g. Teacher – PMF
 - i. See our DDC webpage:
<https://www.southcentralric.org/Downloads/Out%20of%20Certification%20DDC%20Training.pdf>
 - ii. Document explains the new process
 - iii. Perhaps a note to Teachers would eliminate any questions about the annual “BEDS Forms”??
